

## Our Programs

Fellowship House proudly provides a comprehensive continuum of programs and services, including:

- Psycho-social Rehabilitation
- Club Fellowship
- FACT– Florida Assertive Community Treatment
- Community Employment Services
- Case Management
- Outpatient Services
- Community Housing
- FMT– Forensic Multi-Disciplinary Team

*During the 2016-2017 fiscal year, Fellowship House proudly served 925 adult men and women diagnosed with severe and persistent mental illness and those with co-occurring disorders.*

## Funding & Revenue by Category

**Fellowship House strives to provide high quality services with positive outcomes for our members. Psychiatric Recidivism was 1.4% and Consumer Satisfaction with Services was 91%.**

Events like this year's "Hollywood" themed Prom remind our members and staff that enjoying some fun time with others is also a vital part of working towards rehabilitation.

## This Year's Highlights

- ◆ The Forensic Multi-Disciplinary Team received its first referrals in March, officially launching our FMT! We are excited to serve our members through the recurring state funds \$652,000 provided through SFBHN for this new program.
- ◆ We continued to serve the criminogenic population in our residential and outpatient programs utilizing the annualized \$422,000 in state SFBHN funds provided for this purpose.
- ◆ An appropriation of \$250,000 provided by the state of Florida's legislative delegation will allow us to purchase property to provide safe and affordable housing, an essential and underprovided service in our community.
