

Fellowship House Annual Report

2017-2018

It is the mission of Fellowship House to assist adults with severe and persistent psychiatric disabilities and individuals that also have co-occurring substance abuse disorders, achieve the maximum level of community integration and self reliance.

This is accomplished by providing a comprehensive continuum of programs and services offering supportive opportunities for vocational and social.

During the 2017-2018 fiscal year, Fellowship House proudly served 753 adult men and women diagnosed with severe and persistent mental illness and those with co-occurring disorders rehabilitation as well as residential options, psychiatric and case management services. Fellowship House is committed to helping the persons served, who are called "members", to better understand their illness, develop coping strategies, improve their quality of life and experience recovery.

Fellowship House strives to provide high quality services with positive outcomes for our members. Psychiatric Recidivism was 1.2% and Consumer Satisfaction with Services was 92%
